## HELLO, GOV.

The Kentucky Post Sizes Gov-  
ernor Brown up in Grand  
Style.

FRANKFORT, Ky., Aug. 20.—The  
Governor's veto of the revenue bill is  
still almost the sole topic of discussion.  
The Governor is not happily situated.  
The election law, the World's Fair  
restriction law, the local option law, and  
other important laws enacted by the  
Legislature were all passed, as was the  
revenue bill, and are all open to the  
same objections; but the Governor  
approved them all. The Governor's  
approval cannot give validity to a law  
not constitutionally passed. So that  
if the Governor is right in his chief  
objection to the revenue bill, we have  
no new judicial districts and elections  
in the new districts will be void. We  
have no new election law, and the No-  
vember election cannot be held by  
secret official ballot. We have no  
World's Fair appropriation law, and  
not a cent of Kentucky's money can  
be paid out for World's Fair pur-  
poses. We have no general local op-  
tion law, and no where in Kentucky  
can the people vote on the question  
of the sale of liquor.

Was the Governor right when he  
signed the bills mentioned? That he  
was clear, and he is wrong now.

It requires two-fifths of the mem-  
bers-elect to each House to pass a  
bill. Sec. 46 of the Constitution pro-  
vides: "No bill shall become a law  
unless, on its final passage, it receives  
the votes of at least two-fifths of the  
members elected to each House, and a  
majority of the members voting, the  
vote to be taken by yeas and nays  
entered in the journal."

Sec. 55 provides: "No act, except  
general appropriation bills, shall be-  
come a law until 90 days after the  
adjournment of the session at which  
it was passed, except in cases of em-  
ergency, when, by a concurrence of a  
majority of the members selected to  
each House of the General Assembly,  
by a yeas and nays vote, entered upon  
their journals, an act may become a  
law when approved by the Governor,  
but the reasons for the emergency  
that justifies this action must be set  
out at length in the journals of each  
House."

All of the bills mentioned contained  
emergency clauses, and in each House  
received a majority of the votes of all  
the members-elect when passed. Each  
of the bills was amended, and each of  
the amendments to all of these bills  
was concurred in by two-fifths of the  
members-elect of each House. None  
of the amendments to any of these  
bills related to the emergency sections.  
All of the amendments contained, or  
related to, matter that required only  
a two-fifths vote to pass. On its pas-  
sage in the House the revenue bill re-  
ceived 67 votes. As there are 100  
members, of course that was a major-  
ity sufficient to put the emergency sec-  
tion into effect. In the Senate the  
bill received 20 votes. As there are  
38 Senators, of course there was a  
majority sufficient to carry the em-  
ergency section. The conference report,  
which contained all the amendments  
which were adopted, and which con-  
tained nothing whatever concerning  
the emergency declared in the bill, was  
adopted in the Senate by a vote of 16  
to 10. As 16 is two-fifths of 38  
members of the Senate, of course the  
amendments received the constitu-  
tional majority in the Senate. In  
the House the conference report was  
adopted by a vote of 41 to 31. As  
41 is two-fifths of 100, of course the  
amendments received the constitu-  
tional majority in the House.

There is absolutely nothing in the  
Governor's objection.

The Louisville & Nashville Rail-  
road nominated Brown for Governor.  
The revenue bill taxed the entire  
franchise of that corporation that ex-  
posed out of the State as well as in it.  
The tender solicitude of the Gov-  
ernor for the L. & N. is explained by  
this fact. This is the alleged discrim-  
ination against home corporations of  
which the message complains. The  
bill increases the taxes of the L. & N.  
over \$300,000 per year, as General  
Bush Duke claims. The bill also does  
not give the Governor the appoint-  
ment of 111 Auditor's agents to elec-  
tioneer for him for United States Sen-  
ator. These are the real grounds of  
the veto.

The L. & N. Railroad has received  
its reward for nominating Brown.  
The Governor has much to say  
about a yeas and nays vote to be re-  
corded on the journal. In this matter  
the Governor's record is against him.  
John Young Brown was excluded  
from the Fortieth Congress; but when  
Brown, at the second session of the  
Forty-fourth Congress voted for the  
electoral commission bill and voted to  
complete the electoral college, after the  
Commission had given the notes of  
Louisiana, Florida and Oregon to  
Hays, instead of Tilden, then  
Brown was, by an amendment to the

## A. A. ASSEMBLY.

An Attendant of the A. A.  
Assembly Writes the Har-  
dard and Expresses  
His Opinion of the  
Treatment Re-  
ceived.

Mr. Editor.—A few days ago my  
attention was called to a stupendous  
statement from Jupiter, the Har-  
dard Herald, naming the Republican  
Convention as "Africa American  
Assembly." I wish to answer some  
things that were said, and with care-  
ful scrutiny of Jupiter's history has  
range and the actual occurrence of  
that day and night.

Mr. Holman, from the committee  
of conference on the disagreeing votes  
of the two Houses on the amend-  
ments of the Senate, numbered 76 and 77  
to the bill of the House 4477 (legisla-  
tive, executive, and judicial appropria-  
tions) reported that the committee  
were unable to agree.

Mr. Garfield moved that the House  
recede from its disagreement to said  
amendments of the Senate, which mo-  
tion was agreed to.

Ordered that the Clerk acquaint the  
Senate therewith.

Mr. Garfield moved to reconsider  
the vote last taken, and also moved  
that the motion to reconsider be  
laid on the table, which  
latter motion was agreed to.

### Servant Girl Problem.

"Still the servant girl problem  
hangs over all the land," wrote Mrs.  
Lavinia Hargis in a paper recently  
read before the Columbian House-  
keepers' Association, "discussed up-  
on in all domestic forums, including  
newspaper columns, but never solved."  
The practical point in this paper  
was a proposal to organize in Chicago  
"an Emergency Bureau with a regis-  
try, where competent women might  
leave their address, as being willing  
to go out and get up dinners, or cook  
supplies, or dust and put houses in  
order, for certain prices per hour or  
per day—say eight hours."

Mrs. Hargis is chairman of commit-  
tee No. 3, Columbian Association of  
Housekeepers, a division relating to  
applied household science. Her time-  
ly suggestions have met with approv-  
al, and the proposed Emergency Bu-  
reau will open its headquarters at room  
93, No. 175 Dearborn street, to-mor-  
row (Monday) at 11:30 o'clock. Office  
hours will be 10 to 12 each day. Both  
those who employ household help and  
those who desire employment are re-  
quested to call and register. It is be-  
lieved that this systematic arrange-  
ment will enable housekeepers  
needing special assistance about their  
work to get skilled workmen on  
short notice, and those who are pleas-  
ant variety of location, and yet main-  
tain their standing above that of ordi-  
nary household servants.

The idea of this Emergency Bureau  
originated at Fredonia, New York.  
It was the custom of servant  
girls to leave the villages for large  
cities, and the housekeepers were of-  
ten in severe straits with their work;  
so they met and arranged to engage  
and pay special help by the hour. At  
present bright, intelligent girls  
prefer work in factories, or stores, or  
offices, at less wages, rather than to  
enter any family as servant; and it is  
to their credit that they maintain that  
feeling. Yet many of these would  
take up some branch of household  
economy, like cooking, dinner serv-  
ing, house cleaning and arranging, if  
their work were elevated to the dig-  
nity of a craft; and their services would  
often be invaluable to housekeepers,  
especially in the strain of unexpected  
company, or the sudden desertion of  
regular help.

It has been arranged to hold a  
mass-meeting of housekeepers and  
working girls, under the auspices of  
the association, some time in October.  
At this mass-meeting several topics  
will be discussed. First, why are we  
here, who is to blame, who is respon-  
sible? Second, from the housekeep-  
ers' standpoint; from the servant girls'  
standpoint. At the evening meeting  
the topic will be: First, the possi-  
bilities of amelioration through the  
organization of working women.  
Second, business aspects of the ques-  
tion. Third, moral aspects of the  
question; and then there will be a  
summing up of the whole matter. All  
the ministers of the city are to be  
invited to be present; the servant girls  
and housekeepers; shop girls, and all  
women earning wages; the woman's  
clubs, and all labor associations.  
This is hoped to get together  
enough people who have given thought  
to the subject to thoroughly and in-  
telligently discuss it.

### Ohio Breeders Association.

Mr. W. B. Pasig, Pres. of the above  
Association at Cleveland writes, "I  
have known Quina's Ointment for  
years, some of its cures have been lit-  
tle short of miraculous. For all en-  
largements that just coming on, or of  
recent origin, it is infallible."

## FALLS OF ROUGH.

The people have naturally expect-  
ed an answer from me sooner, but  
owing to the condition of affairs it  
has been impossible for me to answer  
Reformer's little bag of wind that he  
turned loose in the REPUBLICAN some  
time ago. Now, Mr. Reformer, for  
God's sake tell the people how you and  
your colleagues can ever take the old  
broken down politicians whom the old  
parties have kicked out of the politi-  
cal fight and said we will not trust  
them, and select them as leaders and  
you take them and select them as  
leaders and make a party of parity.  
Such doctrine as you and your col-  
leagues teach is enough to destroy  
your vision and return the saw to her  
wallowing place and the buzzard to  
its vomit. You speak of having se-  
lected a place for your baptism. Now  
I will say to you and your colleagues,  
oh, ye back-sliders! return before the  
line of demarcation is drawn and  
you are barred out. You speak of  
the corruption in the old parties.

Why sir, your party was born and  
reared in filth and corruption. This is  
why you seem to understand the busi-  
ness so well. You may think there  
is time enough yet to repent between  
now and November, but remember  
to-day is the accepted time and if  
you hear his voice harden not your  
heart. The venerable gentleman tries  
hard to make the people believe that  
the Third Party has nothing to do  
with the F. L. & U. organization. This,  
however, shows ignorance on the  
part of the gentleman, for anybody  
with one eye and half sense can read-  
ily see that the Farmers and Laborers  
Union is the foundation of the Third  
Party. Why sir, you could not find  
anyone to believe your statements no  
more than the tond by the wayside  
could snap coals of fire. You say I  
have blind teeth prejudice, you are  
talking out of your head, for you  
have been blinded and lead by the  
Third Party principles until you be-  
lieve that prejudice and misrepresen-  
tation is all the go, and the people  
are beginning to see that the Third  
Party is leading them to ruin and de-  
struction so fast that many have de-  
serted the Third Party and are con-  
ing back to the old parties, hence  
they have ent their eye teeth and are  
able to see their degraded condition.  
Bro. Reformer, we have the Govern-  
ment Mills tested this year and will  
be able to rent them again in Novem-  
ber, so prepare your little boat and be  
ready to launch her in Salt River,  
for about that time you will have to  
make your trip up said stream never  
to return any more. The venerable  
gentleman imagines great wonders.  
He reminds me of a toad sitting perched  
on a log just after a shower of  
rain, who imagined the heavens had  
opened its fountains just for the purpose  
of giving him a bath, but in conclu-  
sion let me say, if you are a good  
and efficient preacher you had better  
return to its sacred calling for in the  
Third Party political calling you are  
entirely a failure. Now Mr. Reform-  
er, after the above, you are not satis-  
fied just to the scratch and we will  
have another bout. WILD BILL.

## Hartford Republican

PUBLISHED EVERY FRIDAY MORNING.

J. B. ROGERS, Editor and Proprietor.

FRIDAY, AUGUST 26, 1892.

We are authorized to announce  
**W. T. OWEN,**  
As a candidate for Circuit Judge in this Judicial District, composed of the counties of Daviess, McLean, Ohio and Hancock, subject to the action of the Democratic party.

### Republican Ticket.

FOR PRESIDENT,  
**BENJAMIN HARRISON,**  
Of Indiana.

FOR VICE PRESIDENT,  
**WHITELAW REID,**  
Of New York.

FOR CONGRESS  
**C. M. BARNETT,**  
Of Ohio County.

FOR SHERIFF,  
**CLAYTON L. WOODWARD.**  
FOR CIRCUIT COURT CLERK,  
**SEPTIMUS T. STEVENS.**

The big switchmen's strike at Buffalo is at an end.

The Union Sunday School Convention met at Princeton this week. Several delegates in attendance from our county.

The success of the Republican party means high wages and prosperity; the success of the Democratic party means low wages and poverty.

The Commercial says:  
"In closing up after the Legislature adjourned last week, Governor Brown found a little small change left in the Treasury by mistake and he hastily called them together again. It is needless to add they met yesterday."

Judge W. T. OWEN, whose announcement as a candidate for Circuit Judge we publish this week, has very bad politics, it is true, but nevertheless is a polished gentleman, a ripe scholar and an able lawyer and is eminently qualified to fill the place to which he aspires.

The Herald seems to be greatly agitated because our Representative, Hon. Wesley Crowe, a Democrat elected by the People's Party, is not making a better record. We can only explain his action by saying it is the same old story of "Democratic incompetency," or a willingness to do nothing and rob the people by drawing a salary of \$5,000 a day for doing nothing. We can't see why the Herald should kick, Uncle Wes is merely keeping up the do nothing policy of the Democratic Representatives, who preceded him.

The Democracy is attempting to dodge the real issue in the campaign, which is the fight between Protection and Free Trade. They are afraid of their platform on this question and afraid of the people, hence their attempt to dodge. They are in favor of Free Trade but their leaders are aware that the people will resent a fight against their industrial system and bury their enemies under an avalanche of intelligent ballots. But the people should remember that though the Democracy is making the fight on the Force Bill scare-crow, their real enmity is directed toward Protection and the prosperity which it has fostered.

It is now time for the Republicans of the Sixth Judicial District to choose candidates for the offices of Circuit Judge and Commonwealth's Attorney. There is no reason whatever that the Democracy should have a walk-over and they must not have. We have numbers of good men well qualified for the places and they can win. Ohio county, in the person of E. P. Neal, can furnish a candidate for Commonwealth's Attorney, who is not only a match, but a little more than a match for the Democratic nominee, whoever he may be, whether Mr. Rowe or Mr. Taylor, and who, if elected, would make an excellent Attorney. We believe the candidacy of Mr. Neal will meet the approbation of the Republicans in every county in the District. Let one of the other counties furnish the timber for a Circuit Judge, as they are abundantly able to do, and we can go into the fight with good prospects of coming out victorious.

The Herald man must be just about out of something to write when he attempts to throw the responsibility of the present condition of things in Kentucky upon the Republican party and the new Constitution. The whole secret lies in Democratic incompetency to manage the affairs of this great State. Look at our Treasury, practically empty and the State in debt as deep as she can go; taxes high and a Democratic Legislature after wasting hundreds of thousands of dollars of the people's money, failing to pass legally, according to Gov. Brown's opinion, scarcely any bill whatever; the Governor convening the Legislature after its disgraceful session, in order to insure, if possible, the legality of the bills which this Democratic managerie ought to have passed long ago. And for this disgraceful and disgusting state of affairs the Democratic party and nobody

else is responsible. Down with Democratic misrule and mismanagement.

If a Protective Tariff is the worst thing for this country, why is England so interested in having us adopt Free Trade? Was England ever known to befriend us? Never. That she is against Protection in this country is prima facie evidence that Protection is best for us. England is not a humanitarian and never was, and the fact that she takes such pains to send literature and gold to this country to carry elections for the Democratic party and against Protection is conclusive proof that she expects commercial advantage in return. She expects the destruction of our industries and our dependence on her. Gentle reader, remember the shoutings of praise that followed Cleveland's Free Trade Message, and the passage by the House of the Mills' Bill. England went wild with exultation and remember the howls that went up when the McKinley Bill was passed. Do you not know that England has a selfish and moneyed interest in our industrial and commercial downfall? Every intelligent man knows it. How can a man aware of these things, who loves his country better than all the world besides, we repeat, how can a man who knows these things, vote the Democratic ticket?

It has truly been said that the Democratic party thrives best when times are bad, and it is probably because they recognize that fact that some of the Democratic leaders hatched up the scheme of trying to force gold to a premium by demanding the redemption of Treasury notes in gold coin, which failed so miserably in New York, early this week. Treasury officials smile when asked about the scheme, and say that there is no danger of its succeeding. Nevertheless it shows that the Democratic party leaders would be perfectly willing to throw the country into a financial panic, with all its accompanying misery, in order to gain a few votes from the ignorant who always hold the political party in control of the Government responsible for all financial troubles. It is one of the most disgraceful cases of political chicanery in the history of the country and ought to prove a boomerang of sufficient force to knock the Democratic party out of existence. It is by no means the first time that the Democrats have tried to destroy confidence in our financial system. Away back when a Republican Congress authorized the resumption of specie payments and a Republican Administration did resume, every prominent Democrat unbent himself and howled "it can't be done." But it was done, just as gold was the other day paid for those Treasury notes presented at the sub-treasury in New York. The question for every intelligent voter to ask himself is: Should the party which has repeatedly attempted to injure the financial system of the country and to precipitate a panic be trusted to control the country?

As an evidence of the beneficial results brought about by the McKinley bill, we call the attention of our readers to the following from the Rochester Clothing Gazette:

"William Roberts, a woolen manufacturer from Bradford, England, has just completed a large mill in Bergen county, N. J., opposite Passaic. It will employ 150 hands. The mill and a long row of cottages for operatives have been built under his direction, and improved looms and other machines for the manufacture of the finest goods are being built. Mr. Roberts formerly did a large business with the United States, all his goods being placed directly on the market here. After the passage of the McKinley bill he arranged to transport his entire plant."

"Two other English factories will be brought here in the same way. "Henry Lister and sons of Yorkshire, England, will immediately remove their extensive textile industry to Jamestown, N. Y. One hundred acres of ground have been bought and the erection of the factory will begin. Over 2,200 hands will be employed. The removal is said to be due to the McKinley law, which practically shut out the firm's product from the American market."

"Within the last month representatives of four large woolen houses in England have been in New Jersey looking for land on which to locate their plants. One of their representatives said that the report that several large plants were about to locate in South Jersey was authentic, and that worsted manufacturers in Yorkshire, England, intended to come to this country within a short time. They will build here and employ American hands, as the tariff has stopped their importations."

### Grayson Republicans.

August 23.—We, the Republicans of Caneyville Precinct, met pursuant to a call made by J. B. Rogers, Secretary of the Grayson county Republican Committee, Saturday, August the 20th, at Caneyville for the purpose of organizing a Harrison and Reid Club. The meeting was called to order by J. B. Rogers, who stated the object of the meeting. J. J. Ferry was made Temporary Chairman and M. A. Taylor, Secretary. On motion by J. B. Rogers the Chair appointed the following Committee on Resolutions: J. B. Rogers, Thos. Ferry and John R. Bond. The Committee reported the following, which were unanimously adopted:

RESOLVED, That we the Republicans of Caneyville Precinct, do reaffirm our allegiance to the principles of the Republican party as enunciated in the platform at Minneapolis and endorse the wise and patriotic

Administration of President Harrison. RESOLVED, That we condemn the Separate Coach Bill, as passed by the Legislature of Kentucky, and further that we again reaffirm our fealty to the principles of the Republican party as set forth in the Minneapolis platform and pledge it our hearty support. J. B. ROGERS, } Com.  
Jno. R. BOND, }  
Thos. Ferry, }

The Club then proceeded to elect officers, which resulted as follows: President, J. B. Rogers; Vice-President, J. J. Ferry; Secretary, John R. Bond; Treasurer, M. A. Taylor.

The Committee on flags were Jno. R. Bond, V. R. Dockery, James W. House, J. B. Rogers and M. A. Taylor. It was moved and carried that the proceedings of this meeting be sent to the Hartford Republican and Grayson County Gazette for publication.

There were fifty names enrolled at this meeting, with good prospects for several more soon. On motion it was agreed that we adjourn to meet next Saturday, August 27, in Caneyville at Bond's store.

J. J. Ferry, Ch'm'n.  
M. A. Taylor, Sec'y.

### UNION.

August 21.—Mrs. C. H. Stevens spent several days last week visiting her brother, S. L. Baird, Kinderhook. Henry Stevens spent Saturday and Sunday on No Creek.

The ice cream supper at Wm. Chapman's last night was quite a success. Quite a number from Beaver Dam were there.

Miss Minnie Phelps, of Butler county, who is visiting her aunt, Mrs. S. Sowers, will return home soon.

Miss Mollie Walls, of Louisville, who has been visiting at George Baltzell's attended the apple cutting at A. C. Stevens Wednesday night.

Rev. L. R. Barnett, of Kinderhook, spent Wednesday night at A. C. Stevens.

### Republican Convention in Breckinridge.

Pursuant to call the Republicans of Breckinridge county met at the Court House August the 20th, to nominate county officers. Jonas D. Wilson, of Cloverport, was chosen Chairman and Jesse R. Eskridge, Secretary.

Messrs. G. P. Jolly, V. B. Burton and H. L. Mortou were appointed a committee on resolutions. The following were presented and unanimously adopted:

RESOLVED, That we heartily endorse the able and patriotic Administration of Benjamin Harrison.

RESOLVED, That we endorse the entire Minneapolis platform and emphasize the wise policy of Protection and Reciprocity.

RESOLVED, That we condemn the Democratic party for their efforts to stir up labor against capital, and assert our firm belief that labor and capital must be united with the strong bond of sympathy.

RESOLVED, That we call the attention of the tax payers of the country to the fact that the present Democratic Congress has spent in the first half of its session, \$44,000,000 more than the so called billion dollar Congress did in the first half of its session.

RESOLVED, That we further call attention to the utter incompetency of the Democratic party to administer public affairs in the State of Kentucky.

The Legislature has spent \$231,000 of the public money and the Governor has vetoed every important measure it has passed.

At the conclusion of the reading of the resolutions and some pointed remarks by Mr. Burton, the Chairman of the meeting, announced that nominations were in order. W. S. Ball was nominated for Circuit Court Clerk and was unanimously chosen as the standard bearer of the party.

Mr. Ball is a young man hardly past his majority, but is well qualified to fill the office.

No nomination was made for Sheriff. The Convention then adjourned. It was well attended by representative Republicans. Romie Hoob.

### Club Meeting.

The E. C. Hubbard Club met at Cromwell Saturday night, August 13. Hon. E. D. Guffy, of Hartford, was present and delivered a very forcible speech. Mr. Guffy is one of the ablest Republicans in the county, and his arraignment of the enemies of Republicanism was highly enjoyed by the club. We hope to have him with us again.

Our next meeting is at Bald Knob Church Saturday night, August 27th. Col. J. S. R. Wedding will be present and deliver a speech. All are invited to attend, whether Republicans, Democrats or Third Party men, and a grand time is expected.
